Special Permit Hearing

Trustees of Reservation presented a written request to continue the special permit hearing due to the required work not yet being completed. This includes exterior lighting and improvements to the gardens. Trustees have concern about not having finances available in the current budget to complete the outside lighting, based on a quote they obtained for the work. They intend to identify a way to build the cost into a future budget. The Board of Health intends to use a consultant to make recommendations related to Board of Health requirements. Geovani asked about the process for obtaining a 1 day permit for the wedding that is scheduled for September. The date of the next Selectmen's meeting was provided in order for Geovani to pursue the one day permit. The meeting was continued, with a date for the continuation not yet set.

Motion was made to continue the hearing for a later date per the request of the Trustees, and pending further information from the Board of Health. Motion passed unanimously.

Meeting Adjourned at 7:23pm.

Our next meeting will be July 20, 2016

Respectfully submitted, April Slater Roche
